

VERY IMPORTANT - Price Online Rules

Dear Price Online Users,

The data that is coded in the Group system "Price Online" is provided by external Providers. One of them is JATO.

The data provider deliver ONLY the content but have NO access to Price Online and have never seen the system, because we do not want it.

- 1) Do never share screenshots to provider
- 2) Do never be in contact with providers via Email BUT only via Price Online tickets created within the system
- 3) Contact your Price Online key user in case of questions or need for support

Please follow these rules!

Kind regards,
Your Price Online Team
